COMPLIMENTARY SEARCH AND AI VISIBILITY REPORT

How people find Panko Collaborative Law on Google and in AI answers

We checked your website, your Google rankings, and what Google AI says in search results. Here is what we found on 5 November 2026, and the fixes worth making first.

Prepared for
Panko Collaborative Law & Mediation
Saskatoon, family law

Prepared by
xylvar
SEO and AI visibility for growing companies

Date
5 Nove

1 The short version

A fresh snapshot, 5 November 2026. Public pages only, no logins. No email has been sent about this report yet.

AREA	VERDICT	WHAT IT MEANS
Google website rankings	STRONG	5 direct wins in the summary top 8 to 10: #1 for collaborative law saskatoon and for your own name, #2 for family lawyer saskatoon, collaborative divorce lawyer saskatoon, and separation agreement lawyer saskatoon. No direct result for the other 5 searches.
Google map packs	STRONG	#1 in the map top 3 for collaborative divorce lawyer, family lawyer, and divorce lawyer searches, #2 for family mediation and separation agreement, #3 for mediation services.
AI visibility in search	NOT NAMED	No SERP AI Overview was returned for any of the 10 searches, so there is no overview naming Panko in this run. Live Gemini and Bing answers have not been checked yet.
Page titles	WATCH	All 12 audited titles are within 60 characters, but the services hub page is titled "Your Story", not a services title.
Page structure	CLEAN	All 12 pages have exactly 1 main heading and a meta description, and only 4 of 52 images are missing alt text.
Business details	STRONG	Schema is present on every audited page, llms.txt is present, and your contact email admin@commonsenselawyer.com is verified on the homepage.
Speed	NOT MEASURED	PageSpeed Insights returned HTTP 429 on 5 November 2026, so no score is claimed in this report.

Biggest strength: you already win the searches that name you

Your homepage is #1 for collaborative law saskatoon and for your own name, and #2 for family lawyer saskatoon. You are also #1 in the map pack for three searches. That is the

strongest organic and map position in this batch of audits, and it proves the site and the listing already work.

Biggest issue: the mediation searches do not show you

No direct result appears for family mediation saskatoon, divorce mediation saskatoon, or mediation services saskatoon, even though mediation is in your firm name. The mediation pages that do rank are government pages and other firms, not your service pages.

2 Where you rank on Google today

Google Canada, Bright Data SERP API, 5 November 2026. Direct-domain results only. Google redirect entries are not named as competitors, because their final destination is hidden in the redirect URL.

SEARCH	PANKO	WHO IS AHEAD
collaborative law saskatoon	#1 through the homepage	No other direct result ahead
collaborative divorce lawyer saskatoon	#2 through / common-questions/	transitionslegal.ca #1
family mediation saskatoon	Not in top 10 as a direct result	saskatchewan.ca #1, wlaw.com #2. Rank 9 is a Google redirect entry titled like your homepage, not counted
divorce mediation saskatoon	Not in top 9	saskatchewan.ca #1, fairwaydivorce.com #2
family lawyer saskatoon	#2 through the homepage	scharfsteinlaw.com #1
divorce lawyer saskatoon	Not in top 8	mcdougallgauley.com #1, bestlawyers.com #2
mediation services saskatoon	Not in top 9	riversidefamilylaw.ca #1, reddit.com r/saskatoon #2
collaborative family law saskatoon	Not in top 9	collabsask.com #1 and #2
separation agreement lawyer saskatoon	#2 through a blog post	bestlawyers.com #1
		No other direct result ahead; bestlawfirms.com #2

panko collaborative law	#1 through the homepage

Two of your wins come from the wrong pages

Collaborative divorce lawyer ranks #2 through your Common Questions page, and separation agreement lawyer ranks #2 through a blog post, not through the service pages built for those searches. That still counts as a win, but the service pages themselves are not the ranked answer, so a visitor lands on a questions page or a blog post instead of the page that asks them to book.

Method note: collaborative law saskatoon, family mediation saskatoon, and panko collaborative law first returned HTTP 502 with no results on 5 November 2026. Collaborative law and the brand search succeeded on first retry the same day; family mediation failed again on first retry and succeeded on a second retry the same day. Retry results are used. Summary top counts are 7 to 10 per search, because that is how many organic rows the SERP summary returned.

3 What AI says in search results

Google AI Overview data captured through the SERP API, 5 November 2026. Live Gemini and Bing answers have not been checked yet. AI answers change day to day.

No overview returned for any of the 10 searches

A top-level AI Overview key was returned for 0 of 10 searches, so there is no overview in this run naming Panko, and none naming a competitor either. That is a blank in the data, not evidence that AI tools never mention the firm.

What that does not prove

Absence in the SERP API does not prove a conversational AI tool would give no answer. Live Gemini, Bing, and Google AI Overview conversational checks were not done in this task, and no conversational AI result is claimed in this report.

Why llms.txt still matters here

Your llms.txt is present and describes separation, divorce and co-parenting guidance out of court when possible, with 4.9 stars and 270+ reviews stated as site copy. That gives AI tools a clean source to quote when an overview does appear. Keep it accurate and current, and make sure the review figure on the site matches the figure Google shows, 4.9 with 285 reviews in the SERP panel in this run.

Note for the owner: live Gemini, Bing, and Google AI Overview conversational checks were not done in this task, per task instruction, and no conversational AI result is claimed in this report.

4 What is holding the website back

12 URLs audited on 5 November 2026, 16,735 words, 52 images, 4 missing alt text.

Mediation pages do not rank - HIGH

No direct result for family mediation saskatoon, divorce mediation saskatoon, or mediation services saskatoon. The site has no dedicated mediation service page in the audited set, and the mediation searches are led by a government page, Fairway Divorce, and Riverside Family Law. A dedicated mediation page, with the Saskatoon mediation phrase in its title and first heading, is the clearest gap to close.

Services hub title is wrong - MEDIUM

The /our-services/ page is titled "Your Story - Panko Collaborative Law", 36 characters. A services hub should carry a services title, so searchers and Google both know what the page is. Fix this one title first; every other audited title is within 60 characters.

Map strength, with one gap - LOW

Panko is #1 in the map top 3 for three searches and #2 or #3 in three more. The one map gap is mediation services, where Panko is #3 behind Saskatoon Community Mediation Services and CommonSense Mediation, both showing 5.0 ratings with very few reviews. Your SERP panel figure is 4.9 with 285 reviews, named here with its source, not as a Places rating.

Headings and meta descriptions - CLEAN

All 12 pages have exactly 1 H1, and all 12 have a meta description, 120 to 153 characters, none missing, none over 160. Keep this standard when the services title and the mediation page are written.

Missing schema - LOW

Schema is present on every audited page, and Our Story additionally carries LegalService, Person and PostalAddress. No FAQPage type and no Service type was found on any of the

12 audited pages by the tool. Add Service schema to the money pages and FAQPage schema where the questions page already answers them.

Alt text - LOW

4 of 52 images missing alt text. Homepage 3 of 7 is the worst page; Our Story 1 of 4; the other 10 pages have 0 missing.

Thin pages - LOW

Contact 330 words, family law agreements 468 words, services hub 531 words. These are the shortest pages in the set. The services hub is also the page with the wrong title, so fix both together.

What is clean

Every audited canonical tag points to the audited URL itself. Every audited page has a mobile viewport. The page sitemap lists 52 URLs and the post sitemap 72 URLs, with the index lastmod 2026-11-03, and robots.txt allows general crawlers with a sitemap line present.

5 How you compare

From SERP direct domain results and map packs, 5 November 2026. Google redirect entries are not named as competitors.

Where Panko leads

Five direct organic wins: #1 for collaborative law saskatoon and for your own name, #2 for family lawyer saskatoon, collaborative divorce lawyer saskatoon, and separation agreement lawyer saskatoon. Map #1 for collaborative divorce lawyer, family lawyer, and divorce lawyer searches.

Where others lead

Collaborative Divorce Saskatchewan leads collaborative family law direct results at #1 and #2. Scharfstein Law leads family lawyer direct results. McDougall Gauley leads divorce lawyer direct results. Saskatchewan.ca leads both mediation searches in direct results. Riverside Family Law leads mediation services direct results.

Reviews and listings

SERP brand knowledge panel: Panko Collaborative Law, rating 4.9 with 285 reviews, 305 Idylwyld Dr N #4, Saskatoon, SK S7L 0Z1, open Monday to Friday 9 a.m. to 5 p.m. No Places API rating was returned in this run, so no Places rating is claimed. Panko is in the structured map top 3 for 6 of 10 searches; no map pack was returned for the other 4.

6 What to fix first

In the order the fresh data supports. No ranking or AI mention is promised.

1. Build a dedicated mediation page

One page for family mediation in Saskatoon, with the phrase in the title and first heading, covering the process, the Saskatoon rules, and how to start. This is the gap behind three searches with no direct result.

2. Fix the services hub title

Change "Your Story - Panko Collaborative Law" on /our-services/ to a services title, and give the page enough content to match it, since it is also one of the thinnest pages at 531 words.

3. Point the two borrowed wins at the right pages

Strengthen the collaborative divorce and separation agreement service pages so they, not the questions page and a blog post, become the ranked answer for those searches.

4. Add Service and FAQPage schema

Add Service schema to the money pages, starting with mediation once it exists, then collaborative divorce and separation agreements. Add FAQPage schema where the questions page already answers them.

5. Fix the homepage alt text

3 of 7 homepage images are missing alt text. Fix those three and the image set is nearly clean.

6. Keep the map lead

You are already #1 in three map packs. Keep review gathering steady and make sure the listing name, address and phone match the website exactly.

7 What this becomes in 90 days

From fresh data, not a promise.

Days 1 to 30 - Fix the foundations

All quick wins above that do not need new content, plus baseline tracking of the 10 SERP keywords and the SERP AI Overview results, dated 5 November 2026.

Days 31 to 60 - Rebuild for mediation searches

The dedicated mediation page, the services hub rebuild, and the first buyer guide for the searches where no direct result appears yet.

Days 61 to 90 - Review results

Check whether mediation searches, map packs, and AI overviews have moved, and set next quarter targets. Do not promise a ranking or an AI mention.

What you get every month

AI visibility tracking across the same questions, Google rankings tracking, one to two buyer guides, a technical health check, reviews and listings checks, and a plain-English report with a monthly call.

Want us to fix these, in order?

Start with the mediation page, the services hub title, and schema, then the service pages behind the two borrowed wins. The full findings above are the starting point, not a sales pitch.

Talk through the fixes

Or write to us: **info@xylvar.top** - We reply within 2 business days.

How we did this. We read 12 URLs on 5 November 2026 (titles, headings, word counts, code markup, image descriptions, robots.txt and llms.txt). Google Canada results were collected via Bright Data SERP API on 5 November 2026, market Canada. Collaborative law saskatoon, family mediation saskatoon, and panko collaborative law first returned HTTP 502 with no results; collaborative law and the brand search succeeded on first retry the same day, and family mediation succeeded on a second retry the same day. A structured map pack was returned for 6 of 10 searches, and Panko is in the top 3 for all 6; no map pack was returned for the other 4. Speed: PageSpeed Insights returned HTTP 429 on 5 November 2026, so no score is claimed. AI Overview data came from the SERP API where present; a top-level overview was returned for 0 of 10 searches, and live Gemini and Bing answers have not been checked yet and are marked as not yet checked in this report. Public information only, no logins. This report is complimentary and confidential to Panko Collaborative Law & Mediation. Unverified in this snapshot: PageSpeed score, Gemini and Bing answers, a Places rating, a single verified review rating, staff count, and Panko pricing.
