COMPLIMENTARY SEARCH AND AI VISIBILITY REPORT

How customers find Foleys Plumbing on Google and in AI answers

We checked your website, your Google rankings, and what Google AI answers in search results say. Here is what we found on 4 November 2026, and the fixes worth making first.

Prepared for
Foleys Plumbing
Cork, Ireland

Prepared by
xylvar
SEO and AI visibility for growing companies

Date
4 November 2026

1 The short version

A fresh snapshot, 4 November 2026. Public pages only, no logins. Live Gemini, Bing, and Google conversational AI checks were not done in this audit.

AREA	VERDICT	WHAT IT MEANS
Google website rankings	STRONG	Foleys is number 1 for plumber cork and commercial plumber cork, number 2 for plumbing services cork and gas plumber cork, and in the top 10 for 8 of the 10 searches in this run.
Brand search	WATCH	The direct result for foleys plumbing is the thankyou page at number 7, not the homepage. Do not read that as a homepage brand win.
AI visibility in search	PARTIAL	A SERP AI Overview was returned for 3 of 10 searches, and Foleys is named in 2 of those 3. Live conversational AI answers were not checked.
Page structure	FIX	9 of 11 loading pages have exactly 1 main heading, but book online and contact have none, and 7 titles are over 60 characters.
Images	FIX	140 of 192 images across the 11 loading pages have no alt text, worst on about us at 29 of 31 and the homepage at 22 of 28.
Reviews page	FIX	The sitemap lists a reviews page, but it redirects to the homepage, so there is no reviews page of its own.
Business details	WATCH	Every loading page carries the same Yoast schema template. No LocalBusiness, Service, FAQPage, or AggregateRating type was found in the audited set.
Speed	NOT MEASURED	PageSpeed Insights returned HTTP 429 on 4 November 2026. No score is claimed.

Biggest issue: The site ranks well for its core Cork plumbing searches, but the brand search points at a thankyou page, bathroom plumbing has no ranking page, and the reviews page in the sitemap does not exist as a page.

Quickest win: Add one main heading to book online and contact, and add alt text to the homepage and about us images first. Those are small fixes on pages customers already reach.

2 Where you rank on Google today

Google Ireland, Bright Data SERP API, 4 November 2026. Direct domain results only. Google redirect entries hide their final destination, so they are not named as competitors here.

SEARCH	WEBSITE	PAGE GOOGLE SHOWS	WHO IS AHEAD IN DIRECT RESULTS
plumber cork	#1	Homepage	None in direct results
plumbing services cork	#2	Homepage	Cork Plumbing Services
emergency plumber cork	#8	Homepage	corkplumbers.ie
boiler repair cork	#9	Gas boiler page	Cork Gas Centre
gas plumber cork	#2	Homepage	Complete Plumbing Solutions
boiler installation cork	#4	Gas boiler page	Swyft Energy
heating systems cork	#5	Heating systems page	Cork Builders Providers
commercial plumber cork	#1	Commercial plumbing page	None in direct results
bathroom plumbing cork	Not in summary top 10	None	serdiukplumbing.ie
foleys plumbing	#7 direct, via thankyou page	Thankyou page	Indeed (directory result)

Two searches needed a retry. Gas plumber cork first returned HTTP 502, and commercial plumber cork first returned HTTP 502 on a captcha redirect. Both succeeded on retry the same day, and the retry results are used here.

The brand result needs care. A thankyou page ranking for your own name is not a homepage win, and it can confuse a customer who clicks expecting your main page. Check why that page is indexed and ranking before removing or noindexing anything.

No map position is claimed in this report. A map image was returned for 8 searches, but the SERP record contained no place list to rank from.

3 What AI says in search results

Google AI Overview data captured through the SERP API, 4 November 2026. Live Gemini, Bing, and Google conversational answers were not checked. AI answers change day to day.

Named in SERP AI Overviews: 2 of 3 returned

Plumber cork: Foleys is named in the first paragraph, linked to the homepage, as a way to find trusted local plumbers in Cork City and County through the Foleys booking service. Boiler repair cork: Foleys is named for RGI registered gas maintenance and installations. Those two mentions are a real strength, and they match pages that already rank well.

Not named in a SERP AI Overview

Emergency plumber cork: an AI Overview was returned, but Foleys is not named in the overview text seen, even though Foleys ranks number 8 for that search in the same run. Ranking and AI mention do not always move together.

No SERP AI Overview returned

No AI Overview key was returned for plumbing services cork, gas plumber cork, boiler installation cork, heating systems cork, commercial plumber cork, bathroom plumbing cork, or foleys plumbing in this run. That does not prove a conversational AI tool would give no answer. Those tools have not been checked yet.

AI answers change day to day. These are SERP API records on 4 November 2026, not a promise of future mentions.

4 What is holding the website back

12 sitemap URLs audited on 4 November 2026. 11 load with content, 1 redirects. Totals for the 11 loading pages: 4,144 words, 192 images, 140 missing alt text.

Images without descriptions - HIGH

140 of 192 images have no alt text, including 29 of 31 on about us, 22 of 28 on the homepage, 13 of 19 on plumbing, and 12 of 18 on gas services. Alt text helps search and accessibility, and this is the largest single on page gap in the audit.

Reviews page redirects to the homepage - HIGH

The sitemap lists a reviews page, but /reviews/ returns HTTP 301 to the homepage. Either restore a real reviews page or remove it from the sitemap, so customers and Google are not sent to the homepage expecting reviews.

Two pages have no main heading - HIGH

Book online and contact have 0 H1s in the fetch. The other 9 loading pages have exactly 1 H1 each. Add one clear heading to each of those two pages.

Bathroom plumbing has no ranking page - MEDIUM

Foleys is not in the summary top 10 for bathroom plumbing cork, and no audited page targets bathroom plumbing specifically. If that work matters, it needs its own page, not a mention on a general plumbing page.

Titles over length - MEDIUM

7 of 11 loading titles are over 60 characters: plumbing 64, gas boiler 71, heating systems 64, gas plumbing 64, plumbing maintenance 61, book online 63, and contact 66. Shorten the money pages first, starting with gas boiler and plumbing.

Same schema on every page - MEDIUM

Every loading page carries the same Yoast template: Organization, WebPage, WebSite, and BreadcrumbList, plus supporting types. No LocalBusiness, Service, FAQPage, or AggregateRating type was found in the audited set. A LocalBusiness type with Cork address and phone would match how customers search for a local plumber.

Thin pages - MEDIUM

Gas services is 300 words, book online 252, contact 261, about us 323, and plumbing 332. Short pages can still rank, and several of these do, but they leave little room for the questions customers ask before booking.

Sitemap clean up check - MEDIUM

The page sitemap lists 24 URLs, including the redirecting reviews page, a thankyou page, a leave review page, two boiler estimate URLs, charity work, and a green planet initiative page. Confirm each one live before removing or noindexing any of them.

Speed - NOT MEASURED

PageSpeed Insights returned HTTP 429 on 4 November 2026. No score is claimed.

5 What to fix first

In order, starting with the fixes that help customers who already find you.

FIX	WHY IT MATTERS	EFFORT
Add 1 H1 to book online and contact	Two pages customers reach to book have no main heading	Small
Add alt text to homepage and about us images	51 of 59 images on those two pages have no alt text	Small to medium
Fix the reviews page redirect	Sitemap promises a reviews page that sends visitors to the homepage	Small
Shorten the 7 titles over 60 characters	Money page titles are cut off in search results	Small
Add LocalBusiness schema	Matches local Cork searches with address and phone	Small
Check the thankyou page brand ranking	Brand search points at a thankyou page, not the homepage	Check first
Build a bathroom plumbing page	No audited page targets that search, and it is not in the top 10	Medium

All figures in this report are from public pages and SERP records on 4 November 2026. Rankings and AI answers change, so recheck before quoting a position as current.
