COMPLIMENTARY SEARCH AND AI VISIBILITY REPORT

How buyers find Eagleview Construction on Google and in AI answers

We checked your website, your Google rankings, and what Google AI says in search results. Here is what we found on 6 November 2026, and the fixes worth making first.

Prepared for
Eagleview Construction
Kitchener-Waterloo, construction contractor

Prepared by
xylvar
SEO and AI visibility for growing companies

Date
6 November 2026

1 The short version

A fresh snapshot, 6 November 2026. Public pages only, no logins. No email has been sent about this report yet.

AREA	VERDICT	WHAT IT MEANS
Google website rankings	STRONG START	#1 for general contractor kitchener and #1 for construction company waterloo, both through the homepage. No direct result for the other 7 money searches or for your own brand search in this run.
Google map packs	STRONG START	In the structured map top 3 for 4 of 10 searches, including #1 for construction company kitchener and construction contractor kitchener.
AI visibility in search	NOT NAMED	No SERP AI Overview was returned for any of the 10 searches. Live Gemini and Bing answers have not been checked yet.
Page headings	WATCH	10 of 12 audited pages have exactly 1 H1, but the About page has 19 and the contact page has none.
Page titles and descriptions	FIX	9 of 12 titles are over 60 characters and 8 of 12 meta descriptions are over 160 characters.
Business details	WATCH	Schema is present on only 4 of 12 pages. Your knowledge panel shows 4.9 with 57 reviews. Llms.txt is present.
Speed	NOT MEASURED	PageSpeed Insights returned HTTP 429 on 6 November 2026, so no score is claimed in this report.

Biggest issue: the brand search and the money pages

Your own name does not surface any eagleviewconstruction.com page as a direct result in the summary top 10: a Reddit thread is #1 and an Indeed careers page is #2. And 7 of the 9 money searches show no direct Eagleview result at all, even though the homepage wins two

of them outright. The site has real strengths, a 4.9 rating with 57 reviews and 19 named team members, but search is not surfacing the service pages that should win those searches.

Biggest strength: two #1 rankings and four map top 3s

Your homepage is #1 for general contractor kitchener and #1 for construction company waterloo, and you are #1 in the map pack for construction company kitchener and construction contractor kitchener. Your SERP knowledge panel lists Eagleview Construction at 500 Bingemans Centre Dr #4, Kitchener, phone (226) 646-3390, rating 4.9 with 57 reviews. The fixes in this report are about spreading that strength from the homepage to the service pages.

2 Where you rank on Google today

Google Canada, Bright Data SERP API, 6 November 2026. Direct-domain results only. Google redirect entries are not named as competitors, because their final destination is hidden in the redirect URL.

SEARCH	EAGLEVIEW CONSTRUCTION	WHO IS AHEAD
construction company kitchener	Not in top 8	mennosmartin.com #1, homestars.com #2. An Eagleview page appears only as a Google redirect entry at #5, not counted
general contractor kitchener	#1, homepage	network.procore.com #2
construction contractor kitchener	Not in top 9	Facebook group post #1, network.procore.com #2
home renovation kitchener	Not in top 8	devrye.com #1, Reddit r/waterloo #2
commercial construction kitchener	Not in top 9	houzz.com #1, maccontracting.ca #2
custom home builder kitchener	Not in top 9	ritzhomes.ca #1, wrhba.com #2
design build kitchener	Not in top 9	mennosmartin.com #1, houzz.com #2
construction company waterloo	#1, homepage	sgcunningham.com #2
	Not in top 9	ritzhomes.ca #1, wrhba.com #2

home builder kitchener		
eagleview construction	Not in top 10 as a direct result	Reddit r/waterloo #1, ca.indeed.com #2. Eagleview pages appear only as Google redirect entries at ranks 3 to 10, not counted

Brand warning, stated plainly

For your own name, the summary top 10 does not include any eagleviewconstruction.com page as a direct result. The top direct results are a Reddit thread and an Indeed careers page. Do not let other sites be the first direct answer for your own name: make the homepage the obvious brand answer, with the full business name, Kitchener-Waterloo service area, phone and email in plain text.

Method note: construction company kitchener and design build kitchener first returned HTTP 502 with a captcha error and no results on 6 November 2026. Both succeeded on retry the same morning, and those retry results are used. Summary top counts are 8 to 10 per search, because that is how many organic rows the SERP summary returned.

3 What AI says in search results

Google AI Overview data captured through the SERP API, 6 November 2026. Live Gemini and Bing answers have not been checked yet. AI answers change day to day.

No overview returned for any of the 10 searches

A top-level AI Overview was returned for 0 of 10 searches in this run, so Eagleview is named in 0 of 0 returned overviews. That is a visibility gap, not a penalty: when no overview appears, buyers see only the organic results and map pack, where Eagleview does appear, with two #1 organic wins and four map top 3s.

What that does not prove

Related questions in the SERP records are follow-up questions, not overview answers, and are not counted here. Absence in the SERP API does not prove a conversational AI tool would give no answer. Live Gemini, Bing, and Google AI Overview conversational checks were not done in this task, and no conversational AI result is claimed in this report.

Why llms.txt helps here

Your site already has an llms.txt file, which gives AI tools a clean, plain-text source about your services, service area and contact details to quote from. Keep it current as services change, and make sure the service pages it points to are the ones that should rank, so AI answers and organic results point the same way.

Note for the owner: live Gemini, Bing, and Google AI Overview conversational checks were not done in this task, per task instruction, and no conversational AI result is claimed in this report.

4 What is holding the website back

12 URLs audited on 6 November 2026, 14,093 words, 374 images, 207 missing alt text.

Brand clarity - HIGH

Your brand search does not surface any eagleviewconstruction.com page as a direct result. Use the full business name consistently on the homepage and contact page, with phone (226) 646-3390 from the SERP knowledge panel, your email info@eagleviewconstruction.com, and your Kitchener-Waterloo service area in plain text.

Money pages do not rank - HIGH

Both direct #1 wins go to the homepage, not to a service page. Home renovation, commercial construction, custom home builder, design build, home builder, construction company kitchener and construction contractor kitchener show no direct Eagleview result. The service pages for those searches, renovations, design, kitchen renovations, home additions and multi-residential design-build, need the search phrase in their title, heading and first paragraph.

Headings - HIGH

The About page has 19 H1s, confirmed by direct fetch: "About Us" plus one H1 per named team member. The contact page has 0 H1s. Give the About page one H1 and make the team names lower-level headings, and give the contact page one H1 with its search phrase.

Titles and descriptions - MEDIUM

9 of 12 titles are over 60 characters: multi-residential design-build 89, services 86, renovations 84, additional dwelling units 83, contact 80, home additions 75, aging in place 75, about 68, design 65. 8 of 12 meta descriptions are over 160 characters: about 208, services 188, multi-residential 183, additional dwelling units 177, renovations 170, kitchen 168, aging in place 168, home additions 161. The kitchen renovations title is only 19 characters and names no place or brand. Rewrite the long titles to one search phrase plus the brand once, and expand the kitchen title.

Missing schema - MEDIUM

Schema is present on only 4 of 12 pages: homepage, additional dwelling units, century homes and design, which carries FAQPage. No schema type was found by the audit tool on the other 8 pages. Add LocalBusiness and Service schema to the money pages, starting with renovations, kitchen renovations and multi-residential design-build.

Canonicals set by JavaScript - MEDIUM

7 of 12 pages have a static canonical tag. On the other 5, about, services, renovations, multi-residential design-build and contact, the canonical is only set by a JavaScript snippet, not as a static tag, so a crawler that does not run JavaScript will not see it. Make the canonical static on every page.

Alt text - MEDIUM

207 of 374 images missing alt text. Worst counts: homepage 33 of 69, about 27 of 32, design 27 of 36, additional dwelling units 21 of 22, century homes 18 of 20, kitchen 17 of 30, home additions 17 of 18, aging in place 17 of 18.

Thin pages - LOW

Contact us 308 words, multi-residential design-build 770 words, design 800 words. These are the shortest pages in the set, and multi-residential is also a search with no direct result in this run.

What is clean

Every audited page has a mobile viewport. The sitemap lists 115 URLs, robots.txt allows general crawlers with a sitemap line, and llms.txt is present with your services, service area, phone and email. The homepage title is exactly 60 characters and its meta description is 158 characters. The homepage schema carries LocalBusiness and AggregateRating.

5 How you compare

From SERP direct domain results and map packs, 6 November 2026. Google redirect entries are not named as competitors.

Where Eagleview leads

#1 for general contractor kitchener and #1 for construction company waterloo, both through the homepage. #1 in the map pack for construction company kitchener and construction contractor kitchener, #2 for design build kitchener, and #3 for commercial construction kitchener. No SERP AI Overview was returned for any search, so there is no AI Overview lead to claim either way.

Where others lead

Menno S. Martin leads construction company kitchener and design build kitchener direct results. DeVrye Renovations leads home renovation kitchener. Ritz Homes leads custom home builder kitchener and home builder kitchener. Westmount Craftsmen leads the general contractor and home renovation map packs. A Facebook group post leads construction contractor kitchener direct results and a Reddit r/waterloo thread leads your own brand search, which shows buyers are asking other locals for recommendations.

Reviews and listings

SERP brand knowledge panel: Eagleview Construction, rating 4.9 with 57 reviews, phone (226) 646-3390, address 500 Bingemans Centre Dr #4, Kitchener, ON N2B 3X9, hours Mon-Fri 8 a.m. to 5 p.m. No Places API rating was returned in this run, so no Places rating is claimed. Eagleview is in 4 of the 9 structured map top 3s for money searches, and no map pack was returned for the brand search.

6 What to fix first

In the order the fresh data supports. No ranking or AI mention is promised.

1. Fix brand clarity

Make the homepage the obvious direct answer for Eagleview Construction, with the full name, Kitchener-Waterloo service area, phone (226) 646-3390 and email info@eagleviewconstruction.com in plain text, so a Reddit thread is not the first direct brand result.

2. Fix the headings

One H1 on the About page, with team names as lower-level headings, and one H1 on the contact page.

3. Rebuild the money pages

Give renovations, kitchen renovations, design, home additions and multi-residential design-build their search phrase in the title, the H1 and the first paragraph, starting with home renovation kitchener and design build kitchener.

4. Fix titles and descriptions

Rewrite the 9 titles over 60 characters to one search phrase plus the brand once, expand the 19-character kitchen title, and shorten the 8 descriptions over 160 characters.

5. Add schema and static canonicals

Add LocalBusiness and Service schema to the 8 pages that have none, and make the canonical tag static on about, services, renovations, multi-residential design-build and contact.

6. Work on map visibility

You are already in 4 map top 3s. Keep review gathering steady and make sure the listing name, address and phone match the website exactly, to reach the packs you are missing, general contractor, home renovation, custom home builder and home builder searches.

7 What this becomes in 90 days

From fresh data, not a promise.

Days 1 to 30 - Fix the foundations

All quick wins above that do not need new content, plus baseline tracking of the 10 SERP keywords and the SERP AI Overview results, dated 6 November 2026.

Days 31 to 60 - Rebuild for money searches

Heading, title, schema and brand clarity rebuilds, and first two buyer guides for the searches where no direct result appears yet.

Days 61 to 90 - Review results

Check whether money searches and map packs have moved, and set next quarter targets. Do not promise a ranking or an AI mention.

What you get every month

AI visibility tracking across the same questions, Google rankings tracking, one to two buyer guides, a technical health check, reviews and listings checks, and a plain-English report with a monthly call.

Want us to fix these, in order?

Start with brand clarity, headings, and the money pages for the searches where no direct result appears yet. The full findings above are the starting point, not a sales pitch.

Talk through the fixes

Or write to us: **info@xylvar.top** - We reply within 2 business days.

How we did this. We read 12 URLs on 6 November 2026 (titles, headings, word counts, code markup, image descriptions, robots.txt and llms.txt). Google Canada results were collected via Bright Data SERP API on 6 November 2026, market Canada. Construction company kitchener and design build kitchener first returned HTTP 502 with a captcha error and no results, and both succeeded on retry the same morning; those retry results are used. A structured map pack was returned for 9 of 10 searches, and Eagleview is in the top 3 for 4 of them; no map pack was returned for the brand search. Speed: PageSpeed Insights returned HTTP 429 on 6 November 2026, so no score is claimed. AI Overview data came from the SERP API where present; a top-level overview was returned for 0 of 10 searches, and live Gemini and Bing answers have not been checked yet and are marked as not yet checked in this report. Public information only, no logins. This report is complimentary and confidential to Eagleview Construction. Unverified in this snapshot: PageSpeed score, Gemini and Bing answers, a Places rating, a single verified review rating, and staff count.
