1 The short version

A fresh snapshot, 6 November 2026. Public pages only, no logins. No email has been sent about this report yet.

AREA	VERDICT	WHAT IT MEANS
Google website rankings	BRAND ONLY	#1 for your own name, through the homepage. No direct result in the summary top 9 or 10 for any of the 9 money searches.
Google map packs	NOT MEASURED	No structured map data was returned in this run, so no map position is claimed for any search.
AI visibility in search	NOT NAMED	An AI Overview was returned for 2 of 10 searches, and MG Ryan is named in 0 of 2. Live Gemini and Bing answers have not been checked yet.
Page descriptions	MISSING	None of the 12 audited pages has a meta description at all, verified by direct fetch.
Page structure	NEEDS WORK	3 of 12 pages have the wrong number of main headings, the litigation page carries a personal injuries heading, and 13 of 33 images are missing alt text.
Business details	STRONG	Your contact email info@mgrkmlaw.com is verified on the site, and your homepage is #1 for your own name.
Speed	NOT MEASURED	PageSpeed Insights returned HTTP 429 on 6 November 2026, so no score is claimed in this report.

Biggest strength: the brand search is yours

Your homepage is #1 for "mg ryan kieran murphy", with sitelinks to Contact Us, Our People, Our Services, Testimonials and Statement of Information. Your contact email

info@mgrkmlaw.com is verified on every audited page, and every audited page points its canonical tag at its own live address.

Biggest issue: no page description anywhere, and the money searches show no MG Ryan page

Not one of the 12 pages we checked has a meta description, and there is no schema markup of any kind on the site. No direct result appears for solicitors galway, law firm galway, personal injury solicitors galway, conveyancing solicitors galway, commercial solicitors galway, wills solicitors galway, employment solicitors galway, litigation solicitors galway, or debt recovery solicitors galway. The service pages exist, but none of them is the ranked answer for its own search.

2 Where you rank on Google today

Google Ireland, Bright Data SERP API, 6 November 2026. Direct-domain results only. Google redirect entries are not named as competitors, because their final destination is hidden in the redirect URL.

SEARCH	MG RYAN	WHO IS AHEAD
solicitors galway	Not in top 10	No direct leader, see note below
law firm galway	Not in top 10	odonnellsolicitorsgalway.com #1
personal injury solicitors galway	Not in top 10	No direct leader, see note below
conveyancing solicitors galway	Not in top 10	No direct leader, see note below
commercial solicitors galway	Not in top 10	No direct leader, see note below
wills solicitors galway	Not in top 9	lhsolicitors.ie #1, soslegal.ie #2
employment solicitors galway	Not in top 10	sheehansolicitors.ie #1
litigation solicitors galway	Not in top 10	No direct leader, see note below
debt recovery solicitors galway	Not in top 10	No direct leader, see note below
mg ryan kieran murphy	#1 through the homepage	irishlegal.com #2, your merger news

Six searches have no direct leader at all

For solicitors galway, personal injury solicitors galway, conveyancing solicitors galway, commercial solicitors galway, litigation solicitors galway, and debt recovery solicitors galway, every organic summary row is a Google redirect entry, so no direct leader can be named for those searches. That is a gap in the data, not a normal ranking miss, and MG Ryan's absence

from those sets is not treated as one. The titles in those sets belong to Galway firms, but their destinations are hidden in the redirect URLs, so none is named here as a ranked competitor.

The brand search is the one clean win

For "mg ryan kieran murphy", the homepage is #1, with sitelinks to Contact Us, Our People, Our Services, Testimonials and Statement of Information. The #2 result is an Irish Legal News article about the 2023 merger of MG Ryan & Co and Kieran Murphy & Co. That is the only direct MG Ryan result in the whole run.

Method note: the first run on 6 November 2026 returned 9 of 10 searches ok. Debt recovery solicitors galway returned HTTP 502 and was retried the same morning; it was ok on the retry. Summary top counts are 7 to 10 per search, because that is how many organic rows the SERP summary returned.

3 What AI says in search results

Google AI Overview data captured through the SERP API, 6 November 2026. Live Gemini and Bing answers have not been checked yet. AI answers change day to day.

MG Ryan is named in 0 of 2 returned overviews

An AI Overview was returned for 2 of 10 searches. The solicitors galway overview names Blake & Kenny LLP Solicitors, Geraghty & Co., Solicitors LLP, and Fidelma Bane Solicitors. The law firm galway overview names Blake & Kenny LLP Solicitors, Flynn O'Driscoll, Berwick Solicitors, RDJ LLP, Louise Howard Solicitors, and John C. O'Donnell & Sons LLP Solicitors. MG Ryan is named in neither.

What that does not prove

Absence in the SERP API does not prove a conversational AI tool would give no answer. Live Gemini, Bing, and Google AI Overview conversational checks were not done in this task, and no conversational AI result is claimed in this report.

Your llms.txt is missing, and there is no schema at all

Your llms.txt returns a 404, and no schema.org markup of any type was found on any of the 12 audited pages, not even an Organization or LegalService type. An llms.txt file and service schema are the clean sources AI tools can quote, so both are worth adding.

Note for the owner: live Gemini, Bing, and Google AI Overview conversational checks were not done in this task, per task instruction, and no conversational AI result is claimed in this report.

4 What is holding the website back

12 URLs audited on 6 November 2026, 4,629 words, 33 images, 13 missing alt text.

Money searches show no MG Ryan page - HIGH

No direct result for any of the 9 money searches. The service pages exist, commercial law, buying and selling property, personal injuries, litigation, start-ups and SMEs, wills and estate planning, landlord and tenant, and debt recovery, with real content, 367 to 512 words each, but none of them is the ranked answer for its own search. The gap is authority and visibility, not missing pages.

No meta description on any page - HIGH

0 of 12 audited pages has a meta description tag at all, verified by direct fetch and by the audit tool. The homepage carries only 5 meta tags in total, none of them a description. Google has to write its own snippet for every page, so give every page a one-sentence description, starting with the homepage and the service pages.

Headings need fixing on 3 pages - MEDIUM

The homepage has 2 main headings. The landlord and tenant page has 2, one of them empty. The debt recovery page has 2, the second of which is a full paragraph of body text used as a heading. And the litigation page's only main heading reads "Personal Injuries and Accidents", which is the wrong heading for that page. Give every page one clear main heading that names the page's own service.

No schema markup anywhere - MEDIUM

No schema.org type was found on any of the 12 audited pages. Add Organization and LegalService markup for the firm, Service markup for the practice areas, and FAQPage markup where the site answers common questions.

13 of 33 images are missing alt text - LOW

Every audited page has at least 1 image missing alt text. Worst is our people at 2 of 11. Alt text is the description search engines and screen readers use for an image, so this is a straightforward fix across the set.

Three titles run long - LOW

Commercial law at 64 characters, buying, selling and leasing property at 64, and litigation at 73 are all over 60. The other 9 titles are in the 38 to 59 range. Shorten those three to fit.

What is clean

Canonical tags point to their own live URL on all 12 pages. Your contact email info@mgrkmlaw.com is verified on the site, on the homepage and on every audited page. The homepage title at 45 characters and the wills title at 53 are a good length. Robots.txt allows general crawlers.

5 How you compare

From SERP direct domain results, 6 November 2026. Google redirect entries are not named as competitors. No structured map data was returned in this run, so no map comparison is made.

Where MG Ryan leads

One direct organic #1 in this run: the brand search, through the homepage. No direct organic #1 for any money search.

Where others lead

O'Donnell & Sons leads law firm galway at #1. Louise Howard Solicitors leads wills solicitors galway at #1, with SOS Legal at #2. Sheehan & Co Solicitors leads employment solicitors galway at #1. In the AI overviews, Blake & Kenny is named in both returned overviews, and Geraghty & Co, Fidelma Bane, Flynn O'Driscoll, Berwick, RDJ, Louise Howard, and John C. O'Donnell & Sons are named in one each. For the other six money searches no direct leader is visible, because every summary row is a redirect entry.

Reviews and listings

Only one search in this run returned a knowledge panel, wills solicitors galway, and it is for Mullery Solicitors, "Law firm in Galway", rating 5 with 10 reviews, 33 Woodquay, Galway, phone (091) 565 136. That is a SERP knowledge panel figure, not a Places rating, and it is not MG Ryan. No knowledge panel was returned for MG Ryan in any search, including the brand search. No Places API rating was returned in this run, so no Places rating is claimed.

6 What to fix first

In the order the fresh data supports. No ranking or AI mention is promised.

1. Write a meta description for every page

Start with the homepage and the service pages. One sentence each, naming the service and Galway where it fits. This is the single biggest gap on the site: 0 of 12 pages has one.

2. Fix the main headings on the 3 problem pages

Give the homepage one main heading, remove the empty heading on the landlord and tenant page, replace the paragraph-as-heading on the debt recovery page, and give the litigation page a litigation heading instead of a personal injuries one.

3. Add schema markup and an llms.txt file

Mark up the firm with Organization and LegalService types, the practice areas with Service types, and publish an llms.txt file so AI tools have a clean source to quote.

4. Shorten the three long titles

Cut the commercial law, buying and selling property, and litigation titles from 64, 64 and 73 characters to fit inside 60, keeping the service name and Galway in them.

5. Add alt text to the 13 images missing it

Start with our people at 2 of 11, then one plain sentence per image across the rest. One description per image, saying what it shows.

6. Aim the service pages at their searches

The service pages are real pages with real content, but none ranks for its own search. Add the exact search phrase to the first heading and opening paragraph of each service page, and

build supporting guides that link back to them. Also check the odd address info@mgryan.com, which appears on two pages alongside the firm's info@mgrkmlaw.com address.

7 What this becomes in 90 days

From fresh data, not a promise.

Days 1 to 30 - Fix the foundations

All quick wins above that do not need new content, plus baseline tracking of the 10 SERP keywords and the SERP AI Overview results, dated 6 November 2026.

Days 31 to 60 - Rebuild the service pages

The service page rewrites, the heading, title and meta fixes, and the first buyer guide for the searches where no direct result appears yet.

Days 61 to 90 - Review results

Check whether the money searches, map packs, and AI overviews have moved, and set next quarter targets. Do not promise a ranking or an AI mention.

What you get every month

AI visibility tracking across the same questions, Google rankings tracking, one to two buyer guides, a technical health check, reviews and listings checks, and a plain-English report with a monthly call.

Want us to fix these, in order?

Start with the missing meta descriptions on all 12 pages, the main headings on the 3 problem pages, and the schema and llms.txt, then the three long titles and the 13 images missing alt text, then the service page targeting, then the supporting guides. The full findings above are the starting point, not a sales pitch.

How we did this. We read 12 URLs on 6 November 2026 (titles, headings, word counts, code markup, image descriptions, robots.txt and llms.txt). Google Ireland results were collected via Bright Data SERP API on 6 November 2026, market Ireland. The first run returned 9 of 10 searches ok; debt recovery solicitors galway returned HTTP 502 and was retried the same morning. No structured map pack data was returned in this run, so no map position is claimed. Speed: PageSpeed Insights returned HTTP 429 on 6 November 2026, so no score is claimed. AI Overview data came from the SERP API where present; an overview was returned for 2 of 10 searches, MG Ryan is named in 0 of 2, and live Gemini and Bing answers have not been checked yet and are marked as not yet checked in this report. Meta descriptions in this report are the real meta tags, verified by direct fetch on 6 November 2026. Public information only, no logins. This report is complimentary and confidential to MG Ryan Kieran Murphy LLP.
