1 The short version

A fresh snapshot, 6 November 2026. Public pages only, no logins. No email has been sent about this report yet.

AREA	STATUS	WHAT WE FOUND
Google website rankings	STRONG	#1 in 7 of 10 searches, including the brand search and financial adviser, independent financial adviser, pension advice and mortgage adviser saffron walden. No direct result for retirement planning or investment advice saffron walden.
Google map packs	STRONG	Walden Capital is in the structured map top 3 for all 9 money searches: #1 for 5 of them, #2 for 3, #3 for mortgage adviser. No map pack was returned for the brand search.
AI visibility in search	NOT NAMED	No AI Overview was returned for any of the 10 searches, so Walden Capital is named in 0 of 0 returned overviews. Live Gemini and Bing answers have not been checked yet.
Page titles	WATCH	10 of 12 audited titles are within 60 characters, but risk profiling is 66 and testimonials is 62, and the homepage and the Saffron Walden page share an identical title.
Page structure	CLEAN	Every audited page has exactly 1 main heading, and only 3 of 121 images are missing alt text. No audited page is thin: the thinnest is contact at 718 words.
Business details	MOSTLY CLEAN	FinancialService schema is present on the homepage, FAQPage and AggregateRating on wealth management and retirement planning, and llms.txt is present. Your contact email info@waldencapital.co.uk is verified on the homepage and on all 12 audited pages.
Speed	NOT MEASURED	PageSpeed Insights returned HTTP 429 on 6 November 2026, so no score is claimed in this report.

Biggest strength: you already rank, on the website and on the map

Walden Capital is #1 for 7 of the 10 searches we ran, and in the map top 3 for every money search, #1 for 5 of them, with a SERP panel figure of 5.0 with 6 reviews. For a local firm, that is the hard part already done.

Biggest issue: two money searches show no Walden page at all

Retirement planning saffron walden and investment advice saffron walden return no direct Walden Capital result, even though the site has a retirement planning service page and a strategy hub. The map packs cover those searches, but the website does not.

2 Where you rank on Google today

Google UK, Bright Data SERP API, 6 November 2026. Direct-domain results only. Google redirect entries are not named as competitors, because their final destination is hidden in the redirect URL.

SEARCH	WALDEN CAPITAL, DIRECT	DIRECT LEADER
financial adviser saffron walden	#1, homepage	murraywealthmanagement.co.uk #2
independent financial adviser saffron walden	#1, homepage	saffronbs.co.uk #2
financial advisor saffron walden	#1, Cambridge page; #2, Andy Lee page	Walden Capital holds both top direct spots
wealth management saffron walden	#2, strategy page	vouchedfor.co.uk #1
pension advice saffron walden	#1, homepage	saffronbs.co.uk #2
retirement planning saffron walden	Not in top 9	saffronbs.co.uk #1, tbassetmanagement.co.uk #2
investment advice saffron walden	Not in top 10	tbassetmanagement.co.uk, first direct result at summary rank 2
financial planning saffron walden	#1, wealth-management page; #2, company page	Walden Capital holds both top direct spots
mortgage adviser saffron walden	#1, homepage	vouchedfor.co.uk #2
walden capital (brand)	#1, homepage	Companies House #2

Seven #1s, and two gaps

Walden Capital has a direct result in 8 of 10 searches and is #1 in 7 of them. The two searches with no direct Walden result are retirement planning and investment advice saffron walden. The retirement planning service page exists, but Google is not showing it for its own search.

The investment advice rank 1 is not a win

The summary rank 1 row for investment advice saffron walden is a Google redirect entry titled "Walden Capital Financial Advisors in Cambridge". Because its destination is hidden, it is not counted as a Walden ranking, and the first direct result is TB Asset Management at summary rank 2.

Method note: financial advisor saffron walden, retirement planning saffron walden and investment advice saffron walden each first returned HTTP 502 with an empty body and no results on 6 November 2026. All three succeeded on retry the same day, and retry results are used. Summary top counts are 7 to 10 per search, because that is how many organic rows the SERP summary returned.

3 What AI says in search results

Google AI Overview data captured through the SERP API, 6 November 2026. Live Gemini and Bing answers have not been checked yet. AI answers change day to day.

No overview was returned for any search

No top-level AI Overview key was returned for any of the 10 searches. Walden Capital is therefore named in 0 of 0 returned SERP AI Overviews. That is a blank in the data, not evidence that AI tools never mention the firm.

Your llms.txt is ready, but it did not produce an overview here

Your llms.txt is present and lists your core pages, and llms-full.txt returns HTTP 200, so AI tools have a clean source from you to quote. That did not produce an overview naming Walden Capital in this run. Keep it current as pages change, and treat AI mentions as something to track, not something to promise.

What that does not prove

Absence in the SERP API does not prove a conversational AI tool would give no answer. Live Gemini, Bing, and Google AI Overview conversational checks were not done in this task, and no conversational AI result is claimed in this report.

Note for the owner: live Gemini, Bing, and Google AI Overview conversational checks were not done in this task, per task instruction, and no conversational AI result is claimed in this report.

4 What is holding the website back

12 URLs audited on 6 November 2026, 14,643 words, 121 images, 3 missing alt text.

Two money searches show no Walden page - HIGH

Retirement planning saffron walden and investment advice saffron walden return no direct Walden Capital result. The retirement planning page exists at /services/retirement-planning/ with 1,470 words, and the strategy hub exists, but neither is the ranked answer for its own search. Those two pages need the search phrase in the title and first heading, and a clear link from the homepage.

Two pages share one title, and two titles are over the limit - MEDIUM

The homepage and the Saffron Walden page both carry the title "Walden Capital Financial Advisors in Saffron Walden, Essex" and the same 120-character meta description. Give the Saffron Walden page its own title and description. Risk profiling is 66 characters and testimonials is 62, both over the 60-character display limit.

One meta description is far too long, two are short - LOW

Pension transfer is 208 characters and will be cut off in search display; contact is 161, one character over. Company is 80 characters and testimonials is 92, both short of the usual 120 to 160 range. Strategy is 117, just under.

Schema is strong in places, thin in others - LOW

The homepage carries FinancialService, GeoCoordinates, OpeningHoursSpecification and PostalAddress, and wealth management and retirement planning carry FAQPage, AggregateRating and Review. But 6 of the 12 audited pages carry only SiteNavigationElement in the tool extraction, including the Saffron Walden, equity release, strategy, risk profiling, testimonials and Cambridge pages. Adding Service or FAQPage schema to those pages would help Google and AI tools read what each page offers.

Alt text is nearly done - LOW

3 of 121 images are missing alt text: company 2 of 21, pension transfer 1 of 12. Finish those three images.

Map packs - STRENGTH, with a review-volume gap

Walden Capital is in the structured map top 3 for all 9 money searches: #1 for 5, #2 for 3, #3 for mortgage adviser. The gap is review volume, not presence: Walden Capital shows 5.0 with 6 reviews in the map data, while Method Financial Planning shows 5.0 with 28, Piccadilly Wealth 5.0 with 20, and Firco Mortgages 5.0 with 78 in the mortgage pack. Those figures are SERP map data, not a Places rating.

What is clean

Every audited page has exactly 1 main heading. No audited page is thin: the thinnest is contact at 718 words, and wealth management is 1,962. Every audited canonical tag points to the page's own live URL, except the homepage, whose canonical is the bare domain https://www.waldencapital.co.uk while the page is served at https://www.waldencapital.co.uk/. Every audited page has a mobile viewport. The sitemap index lists 6 child sitemaps, the page sitemap lists 28 URLs, and robots.txt allows general crawlers with a sitemap line present. Your llms.txt is present. Your contact email info@waldencapital.co.uk is verified on the homepage and on all 12 audited pages. Note: the contact page returned a Cloudflare challenge page to a plain direct fetch, so its verification rests on the unlocker audit, which did fetch the page.

5 How you compare

From SERP direct domain results and map packs, 6 November 2026. Google redirect entries are not named as competitors.

Where Walden Capital leads

Seven direct #1s: financial adviser, independent financial adviser, financial advisor, pension advice, financial planning, mortgage adviser, and the brand search. Map #1 for financial adviser, financial advisor, wealth management, pension advice and financial planning saffron walden.

Where others lead

Saffron Building Society leads retirement planning direct results with a PDF, and TB Asset Management is the first direct result for investment advice. VouchedFor leads wealth management direct results with an Andrew Lee adviser profile. Method Financial Planning leads most map packs at #1 where Walden Capital is #2, and Dovetail Mortgages and Firco Mortgages lead the mortgage adviser map pack.

Reviews and listings

SERP brand knowledge panel: Walden Capital, rating 5.0 with 6 reviews, The Old Gun Rooms, 17 High St, Saffron Walden CB10 1AT, phone 01799 521017, open Monday to Friday 9 am to 5:30 pm, Saturday and Sunday closed. No Places API rating was returned in this run, so no Places rating is claimed. Walden Capital is in the structured map top 3 for 9 of 9 money searches; no map pack was returned for the brand search.

6 What to fix first

In the order the fresh data supports. No ranking or AI mention is promised.

1. Make the retirement planning and investment pages the answer for their own searches

Start with retirement planning: the service page should carry the search phrase in its title and first heading, and link to it as the main page for that topic from the homepage and the services hub. Do the same check for investment advice, using the strategy hub or a dedicated investment page.

2. Give the Saffron Walden page its own title and description

It currently shares the homepage title and meta description word for word. Give it a distinct title and description that name the local service, and shorten the risk profiling title from 66 characters and the testimonials title from 62.

3. Fix the long and short meta descriptions

Shorten pension transfer from 208 characters to the usual 120 to 160 range, trim contact from 161, and write fuller descriptions for the company page at 80 characters and testimonials at 92.

4. Add schema to the six thin pages and finish the alt text

Add Service or FAQPage schema to the Saffron Walden, equity release, strategy, risk profiling, testimonials and Cambridge pages, on top of the FinancialService and FAQPage schema already present elsewhere. Finish the 3 images missing alt text, on the company and pension transfer pages.

5. Close the map gap with reviews

Walden Capital is already in every map top 3. Keep the listing name, address, and phone exactly matching the website, and keep building the review base from the 6 reviews shown in the SERP panel, against 28 for Method Financial Planning and 20 for Piccadilly Wealth.

6. Keep the AI source current

Your llms.txt and llms-full.txt are present and current. Keep them updated as pages change, and track whether AI overviews start naming Walden Capital for the money searches, without promising an AI mention.

7 What this becomes in 90 days

From fresh data, not a promise.

Days 1 to 30 - Fix the foundations

All quick wins above that do not need new content, plus baseline tracking of the 10 SERP keywords and the SERP AI Overview results, dated 6 November 2026.

Days 31 to 60 - Rebuild the two gap pages

The retirement planning and investment page rewrites, the schema work, and the first buyer guide for the searches where no direct result appears yet.

Days 61 to 90 - Review results

Check whether the money searches, map packs, and AI overviews have moved, and set next quarter targets. Do not promise a ranking or an AI mention.

What you get every month

AI visibility tracking across the same questions, Google rankings tracking, one to two buyer guides, a technical health check, reviews and listings checks, and a plain-English report with a monthly call.

Want us to fix these, in order?

Start with the retirement planning and investment pages, the shared title, and the long and short descriptions, then the schema and alt text, then the map push with reviews. The full findings above are the starting point, not a sales pitch.

How we did this. We read 12 URLs on 6 November 2026 (titles, headings, word counts, code markup, image descriptions, robots.txt and llms.txt). Google UK results were collected via Bright Data SERP API on 6 November 2026, market UK. Financial advisor saffron walden, retirement planning saffron walden and investment advice saffron walden each first returned HTTP 502 with an empty body and no results; all three succeeded on retry the same day, and retry results are used. A structured map pack was returned for 9 of 10 searches, and Walden Capital is in the top 3 for all 9; no map pack was returned for the brand search. Speed: PageSpeed Insights returned HTTP 429 on 6 November 2026, so no score is claimed. AI Overview data came from the SERP API where present; no top-level overview was returned for any of the 10 searches; live Gemini and Bing answers have not been checked yet and are marked as not yet checked in this report.
